Message from Angelina ***Dissolving the Stories***

I'd like to tell you a story....

Stories - we're addicted to them - addicted to the hero's journey, told over and over and over again - addicted to the drama of the learning process, whether it be fiction, the daily news, or the drama in our own circle of life. BUT, WE ARE **NOT** OUR STORIES!!! The stories have merely served as an educational format.

In preparation for our graduation, we're each being pushed to the limit to face whatever it is within the stories that still holds our attention as something other than love. It takes spiritual maturity to FORGIVE the stories as well as all the characters (heroes and villains alike). None of the stories have ever been real - even those stories so vividly before your eyes at the moment. The stories take a million forms from the collective consciousness to our individualized experiences, but the common denominator is the fear that rises to the surface.

There are two reasons you continue to experience the fear. First, the fear is rising to be dissolved and consumed from the energy field of your four lower bodies. It has been accumulating as a very dense form for many, many lifetimes through your experiences in the third and fourth dimensions and is

one with which your little mind is so familiar that it absolutely believes it's real. But, you can't take what is not real with you where you're going! The second reason is that you continue to feed it your Attention, Thoughts and Feelings. Where your Attention is held and what you feed with your Thoughts and Feelings - is What you Become. Being a Divine Creator, you cannot escape the means by which you create in a magnetic universe.

I'm not advising you to ignore the fear that rises to be dissolved or resolved, for its surfacing is, indeed, your point of power. However, this process does *not* require *re-engaging* with the story! Simply acknowledge it as an energy form you need to clear up. In that moment, from the God within you, (Your I AM Presence) call forth the Violet Consuming Flame to blast apart, annihilate, dissolve and consume the discordant mis-creation of that illusion - every bit of it -from all similar experiences, past, present, future and through all time/space continuums. Then USE, USE, USE the Love you create within your Twin Flame Heart Womb to re-attune every last electron back to its pure and perfect blueprint of Divine Love.

If you're new to this information, PLEASE educate yourself quickly for you've been waiting for lifetimes for this opportunity. You could not have been drawn to any of the Twin Flame material had your soul not called you to this awakening and service. Allow your heart to guide you to the information and tools you require.

With the magnification of energy upon our planet right now, we have such a splendid opportunity to bring our Twin Flame love to bear upon the new reality we're co-creating. We do this deliberately, not by default. The Host of Heaven will magnify our efforts, but they can't do the work for us. We can do this both individually and collectively and in so doing, we each discover true love beyond our wildest imaginings.

My heart surrounds each of you as we join together to make this shift the most exciting quantum soul leap mankind has ever experienced.
